

Speaker Introduction

Good Morning/Afternoon/ Evening

Ladies & Gentlemen:

It is my pleasure to introduce a thought leader among Asian HR professionals, one who has been invited to 35 countries, with 30 years experience but let me assure you, he is still young. You will have a great experience listening to a highly regarded author, speaker, consultant and entrepreneur.

A firm believer in the use of FUN to deliver content, Palan is a highly engaging and electrifying speaker who works with his audiences to maximise the learning from the session. He is a Fellow of the British Institute of Learning & Development and has recently received the highest honour in the speaking profession – the Certified Speaking Professional (CSP) Award from the National Speakers Association of America. He also received the outstanding entrepreneur award from Enterprise Asia.

He was conferred the prestigious title Dato' by His Majesty DYMM Paduka Seri Sultan Azlan Shah, Sultan Perak Darul Ridzuan and the JBK Award by His Excellency, the Governor of Sarawak, Malaysia.

Ladies & Gentlemen, please join me in welcoming the Chairman and CEO of a public listed company, SMR Technologies and your speaker for this session - **PALAN**
